Please provide a dimensioned sketch of the damage in the box below. If needed, please use an additional sheet.

Please provide the following additional information:

- Clear photographs of all damage locations.
- A marked up floor layout highlighting which joists are damaged.
- Indicate the dimensions and position of all damage; please ensure that dimensions are taken from easily identifiable reference points on the finnframe drawing supplied.
- A brief description of how the damage was caused.

## **FAILURE TO PROVIDE ALL INFORMATION WILL CAUSE DELAYS.**

Please note that Metsä Wood Finnframe elements are engineered timber products, and must be treated accordingly. Damage to key components, while affecting only a small percentage of the cross section, may be sufficient to render the product unsuitable for the purpose it was designed for.
